**Announcement**

Never Forgotten - Arkansas Takes Action

The Attorney General's Office, State Police and the Arkansas Crime Laboratory are putting a call out to law enforcement agencies across the state to reach out to the families of missing persons in their jurisdictions. We need to notify these families of the 2013 'Never Forgotten - Arkansas Takes Action' event for missing persons scheduled for Sept. 14. The event will assist families of missing adults and children.

NamUs: UnClaimed Persons database (UCP)

The UnClaimed Persons database (UCP) contains information about deceased persons who have been identified by name, but for whom no next of kin or family member has been identified or located to claim the body for burial or other disposition.

It is good for the unclaimed to be entered into this database by the medical examiner / coroner community. It is possible that a person might be properly identified but the family still considering them as missing.

### **Announcements**

The Knox County Sheriff's Office and the Knoxville Police Department in partnership with NamUs (National Missing and Unidentified Persons System) representatives will host a statewide DNA Collection

Day for families of missing loved ones on Saturday, January 19th. It will be held at the Amphitheater in front of JCPenney at West Town Mall from 9 a.m. until 4:00 p.m.

NamUs representatives will be available to update case information in the NamUs database or to create a new NamUs case for a missing loved one. A missing persons report does not have to be filed, and participants do not have to live in Knoxville. It is recommended to bring as many biological family members as possible, as well as objects once owned by the victim that could contain traces of DNA. These items could include hairbrushes, toothbrushes, or baby teeth. If possible, families are encouraged to bring photos, x-rays, medical records, and dental records.

There are over 994 known missing persons in the state of Tennessee, and the families of these missing persons need answers. Just connecting a DNA sample to any of the estimated over 40,000 unidentified remains in the United States could provide a family with relief by producing a missing piece of their puzzle.

KCSO and KPD hosted a local DNA Collection Day in November 2012, but received many requests to hold another event, making it statewide. This service, completely free of charge, is a joint effort between the Knox County Sheriff's Office and Knoxville Police Department. Those who plan to attend the DNA collection event are asked to contact Amy Dobbs with the Knox County Sheriff's Office at (865) 215-3705. Media should call Martha Dooley at (865) 215-2461 or Hillary Coward at (865) 971-3936.
