RED BLUFF-The Tehama County Sheriff's Office reports that the remains of a body they found in 1990 is a woman who went missing out of Eureka.

Rosemma Mendenhall's sister reported her missing to the Eureka Police Department in 1998, when she would have been 52. At that time, Mendenhall's sister told authorities she had not seen her sister for the last five years, but that Rosemma Mendenhall was last living in Eureka. The EPD cannot confirm if Rosemma Mendenhall lived in Eureka at that time, but officials say she was transient and was booked into the Humboldt County Jail in 1990.

The Tehama County Sheriff's Office says the California Department of Justice Missing Persons DNA Program recently linked a body with stab wounds that deputies recovered in Corning in 1990 to Rosemma Mendenhall. The office also sent her fingerprints taken from her 1990 arrest to the California Department of Justice, Bureau of Forensic Services Lab, which matched Mendenhall as well. Mendenhall's next of kin have been notified.
